### What He Thinks of It.

Oregon, Mo., May 31st, 1894.  
Wm. Deering & Co., Chicago, Ill.  
Gentlemen:—I bought a six-foot Deering Improved Steel Binder, with Jointed Platform of T. L. Price in June, 1893, and can say that I am well pleased with it; have owned and used three makes of binders, the McCormick, Woods and Deering, and I like the Deering better than any binder I have ever used. Would not buy a binder that had trucks, and can say the Deering Jointed Platform is a grand thing. You can pass through a gate that is nine feet wide and do not need trucks. The Deering has the best bundle carrier and is the lightest draft binder made; three horses can handle the Deering with ease in any kind of grain. I consider the Deering binder far ahead of anything in the binder line to day.

Yours Truly,  
JACOB BUCHER.

**Free to All.**  
Every subscriber to THE SENTINEL now on our books who pays up his arrearage and one year in advance will receive free one of these magnificent wall maps of the state of Missouri.

We are glad to learn that our old friend, Herman Allen, of Russell Springs, Kansas, has been appointed county clerk of his county, Logan, to fill the place vacated by the resignation of the late clerk, Mr. Thayer. He will hold for about eighteen months. Mr. Allen is the father of Silo Allen, of this place.

The Kickapoo Medicine Company have folded their tents and have gone to Forest City, where they will entertain the people of that city and vicinity. The company is composed of ladies and gentlemen, who have paid their bills, whose department among us has been the very best, and who were far and away the best of the class show. They will be at Forest City, commencing Thursday evening, June 7, and continue for two weeks.

We are pleased to be able to announce that the publisher of The Inter Ocean has made a special offer on the weekly edition of that paper during the month of June. He will give it free to every subscriber on receipt of thirty cents. This is a very low price for one of the best and most popular papers in the country. Good Republicans should try to increase its circulation. Subscriptions will be received at this price from June 1st to August 1st. After that the regular price will be restored.

Grandma Tritt, on Saturday last, June 2, 1894, was the recipient of many congratulations from relatives and friends, the occasion being her 70th birthday. Her children all called and prepared an elegant spread, to which they were all seated and did justice. Those present were Richard Tritt and wife, Matt Gelvin and wife, J. H. Fickes and wife, James Crawford and wife, Henry Young and wife, Mrs. Jeff Wright. The old lady is enjoying reasonably good health, and her life has been one that all her children and friends may well feel proud of. Her aged husband is still with her, and the two have journeyed along life's rugged way, hand in hand, heart to heart. Mr. and Mrs. Tritt have been married thirty years.

The secretary of the Holt County Horticultural society has just received correspondence for some time past with A. A. Weaver, of Warrensburg, Mo., in regard to putting up a cider press here.

Mr. Weaver wrote to the Secretary under date of June 1 that he expects to be at the state meeting at Harrisonville, Mo., and after that meeting he expects to visit Benton county, Arkansas, and in correspondence for some time past with A. A. Weaver, of Warrensburg, Mo., in regard to putting up a cider press here.

Ralph was aided by his brothers and parents, who made things pleasant and agreeable for those who were fortunate to have been there.

—Miss Mary Richards, of upper Holt, is now enjoying the reputation of being one of the best butter-makers in the county. She packs and ships every week from 40 to 60 pounds to the popular St. Joseph restaurant, A. M. Truckenmiller, and the patronage of that popular place enjoy having the best butter in Northwest Missouri sent before them.

—The Missouri river at Atchison has been quite rapid of late, and the danger of the river cutting through behind the town of East Atchison and leaving the east end of the Atchison bridge on an island is becoming imminent. Buildings are being removed to places of safety. The railroad tracks are in great danger, and the bridge may soon be rendered useless.

—A large number of our society people were entertained in an inimitable manner by Miss Alice Kunkel last Friday night. The evening was passed in social converse, playing suitable parlor games and listening to beautiful musical selections by the hostess, Miss Maggie Perkins, and others. At an appropriate hour refreshments were served and the only regret expressed by Miss Alice's guests was that their stay could not be prolonged.

**THEY ARE MADE PERFECT AND KEPT SO. LIGHT DRAFT AND DURABILITY THEIR MAIN OBJECT.**

More than 25 different makes and shapes of binders have been sold in Holt County, but there is not one which ever stood the trials so well and ran as light with as little power needed and which gave such splendid satisfaction as the Old Reliable Minneapolis. It will be dollars in your pocket. It will save you money and trouble if you buy one. You will never regret it. You will buy another one if it should ever wear out. It is easy to say this or that machine; but we can prove it to you that the Minne has advantage over all others and if you don't believe us ask those who have used the Minne for years. Some more testimonials right from home:

**TESTIMONIALS:**

OREGON, Mo., Sept. 15, 1892.  
Walter A. Wood Harvester Co.,  
Kansas City, Mo.

I bought of Mr. H. C. Schmidt this season one Minneapolis Harvester and Binder and like it well as it runs light, is very easily operated, binds tight and is of very simple and durable build. I am well pleased with it and would recommend it to any one wanting a good harvester and binder.

W. M. RAILEY.

OREGON, Mo., Dec. 28, 1892.  
I bought of H. C. Schmidt last year one Minneapolis Harvester and Binder. I am perfectly pleased with it; it runs light; it is simple in construction, easily operated, binds tight and does good and nice work. I am well pleased with it, and would recommend it to any one wanting a good harvester and binder.

L. J. BAKER.

OREGON, Mo., April 1, 1893.  
Walter A. Wood Harvester Co.,  
Kansas City, Mo.

Last season we bought of Mr. H. C. Schmidt, your agent at Oregon, Mo., one 6-foot Minneapolis Harvester and Binder and we bought a 7-foot Minneapolis Harvester and Binder in Wallace county, Kansas. We are very well pleased with them. We cut grain where two other makes would not go, and could not cut a full swath, but the Minneapolis went right through it and cut a full swath; we must say that it always takes a full swath much better

than our other machines did and did not have any side draft at all, not even in very heavy grain. We cut with one machine fifty acres in three days with three horses, as it runs light. We are perfectly pleased with the Minneapolis Harvester and Binder and could recommend it to any one who wanted a first-class machine.

WILLIAM ATKINS AND SONS.

MOUND CITY, Mo., June 5, 1893.  
Walter A. Wood M. & R. M. Co.,  
Kansas City, Mo.

Gentlemen:—I bought a 6-foot Minneapolis Harvester and Binder of your agent, Mr. John Eckhart, at New Point, Mo., in the harvest of 1892 and cut six acres the first year and have cut every harvest since. It binds tight, runs light, and is strongly made. I only use three horses, and cut any grain that grows. I sincerely think this the very best harvester made. It is so easily adjusted, it will never miss a bundle of twine is good. I have never paid out a single cent for repairs. It has the most complete reel made. My two boys and I with the Minneapolis Binder save our crops and do our harvesting every year. There were three machines sold in Holt county in the year of 1893 and all unite in saying that they would never buy any other kind than the "old reliable Minneapolis." Yours very truly,

JOSEPH Q. TOWNSEND.
